What exactly is the "Friends of the Fairfield County Museum"?

This organization was developed to provide dedicated volunteers and create a sound financial base to support the Fairfield County Museum.

Volunteers are needed to assist with the every day business of the Museum as well as help organize events, receptions, workshops, reenactments, and seminars. Docents are also needed. There are active outside groups active with archaeology and preservation.

Financial Support is needed to:

- Upgrade exhibits to reflect the story of our community
- Enhance programming
- Repair and maintain the historic buildings and grounds
- Add to and conserve the collection

FOTM works directly with the Fairfield County Museum staff.
